GLADIOLUS, SUMMER SPECIES (Cont'd)

50	- primulinus, pure primrose yellow.
75	- psittacinus, yellow and red.
75	- , yellow form (BI) pure light yellow.
75	- quartiniensis, var. Kivu (BI) yellow and bright red.
75	- , var. Sudan (BI) yellow and red, more tawny.
75	GLADIOLUS, SUMMER HYBRIDS. The F2 seedlings from these hybrids could produce some good miniatures. Order by name.

50	Dinah (B) (Unknown white x G. primulinus)
50	Little Tiger (B) (G. quart. var. Sudan x G. dracocephalus)
50	Portia (B) (Early pink x G. quart. var. Sudan)
50	Susanna (B) (G. primulinus x G. quart. var. Sudan)
50	GLADIOLUS, UNIDENTIFIED SPECIES. (BI) Too new and too good to await positive identification. All are summer growers, Nature's own miniatures. Order by country of origin and number.

1.00	Angola 1, white and purple. Opens six at one time.
1.00	Southern Rhodesia 2, light yellow and light red.
1.00	Swaziland 1. white and pink.
1.00	HEMEROCALIS, from Japan (BI) Perennials that will outlive the planter.

1.00	- Tulva natural hybrid, light yellow, fragrant.
1.00	- citrina, nocturnal yellow, fragrant.
1.00	- litralis, yellow, late.

BUCHAN HYBRIDS. Descended from my Tudaylly Hybrids, famous for longevity of individual blooms (48 hours). This exclusive strain has been improved by additional colors, later blooming seasons, and larger flowers. The seeds offered here are collected from plants whose fragrant blooms remain open from 24 to 48 hours. Mixed only, \$1.00 pkt. 50 seeds, \$2.25 100 seeds, \$4.00

For those who prefer corms or plants, I have separate lists of Gladiolus and Hemerocallis for U. S. customers only, containing much of the material listed herein.
